

Parth Anand

Product Designer — UI/UX

+91 7209684084 parthanand1705@gmail.com Delhi, India

PROFESSIONAL SUMMARY

Customer-centric Product Designer with 5+ years of end-to-end experience across consumer apps, B2B SaaS, DeFi, and complex workflow products — practising a working-backwards methodology grounded in JTBD research, HEART metrics, and WCAG 2.2 accessibility. Specialises in AI-native and generative AI UX design, scalable Figma design systems (components, variables, tokens, dev mode), and human-in-the-loop workflows; with working knowledge of Schema.org structured data (JobPosting, NewsArticle, Product) across job, editorial, and e-commerce platforms.

EXPERIENCE

InfoEdge

Nov 2023 – Present

Product Designer — UI/UX

- Led end-to-end redesign of jobHai using a working-backwards methodology — discovery, Jobs-to-be-Done framing, wireframes, interaction design, and dev-ready Figma specs — improving core hiring workflows across web and mobile.
- Designed AI-powered surfaces (smart job-matching, personalised feeds); managed model uncertainty, confidence indicators, latency and error states; applied Schema.org JobPosting knowledge to align UX with Google for Jobs indexing requirements.
- Built scalable Figma design system (components, variables, design tokens, auto-layout, dev mode); enforced WCAG 2.2 accessibility across colour contrast, touch targets, and screen reader interactions.
- Synthesised HEART framework metrics and usability testing findings (Attention Insight) to drive reduced new-user drop-off; aligned design decisions to OKRs and flagged design debt across sprint cycles.

CoinDCX

Jun 2022 – Oct 2023

Sr. Product Designer

- Owned end-to-end product design for OKTO — a DeFi super-app with complex multi-step financial workflows — applying design thinking across onboarding, portfolio management, and real-time trading surfaces.
- Designed AI-driven features including portfolio insights and trade signals; addressed model confidence, edge cases, and error states for transparency with non-expert users in high-stakes financial decisions.
- Built Figma component library with design tokens; created journey maps and service blueprints to surface friction points, translating synthesis into prioritised iterations that reduced drop-off.
- Facilitated usability studies, tracked retention and engagement KPIs; developed branding, motion design assets, and Web3 event content (Unfold '22 & '23).

HMLC

Aug 2021 – Feb 2022

Creative Director — UI/UX & Graphic Design

- Led interface design for retail and lifestyle platforms; developed user flows, information architecture, and interaction patterns for conversion; integrated Schema.org Product/Offer structured data considerations into engineering handoffs.
- Ran A/B testing and heatmap analysis to validate layout decisions; balanced brand guidelines with accessible, modern UI/UX practices across product launches.

Earlier Experience

Canon India (Apprenticeship, Jan–Jul 2021) — Web & mobile interface design for photography campaigns; delivered user journeys, wireframes, competitive analyses, and high-fidelity prototypes with inclusive design principles.

Ek Do Dhai (Internship, Oct 2020–Jan 2021) — UI asset creation and layout design for e-commerce; contributed to user flow ideation and usability testing.

SKILLS

Design & UX

End-to-End Product Design, Interaction Design, UX & UI Design, Design Systems & Tokens, Information Architecture, Wireframing & Prototyping, Usability

EDUCATION

National Institute of Fashion Technology

B.Des. — Fashion Communication | New Delhi, 2022

Delhi Public School

Testing, User Research & Synthesis, Journey Mapping, Service Design, JTBD, AI-Powered & Generative AI UX, Human-in-the-Loop Workflows, Working Backwards, HEART Framework, A/B Testing, Visual Design, Motion Graphics

Accessibility & Standards

WCAG 2.2, Inclusive Design, Screen Reader Compatibility, Schema.org (JobPosting, NewsArticle, Product, BreadcrumbList)

Tools

Figma (components, variables, tokens, auto-layout, dev mode, FigJam), ProtoPie, Principle, Framer, Adobe XD, Sketch, InVision, Miro, Zeplin, Maze, Dovetail, Amplitude, Adobe Creative Suite, ChatGPT, Midjourney, Notion, Linear, HTML/CSS (basic)

Collaboration

Cross-functional Leadership, Design Advocacy, OKR & KPI Alignment, Scope Management, Agile & Sprint Design, Stakeholder Communication

Senior Secondary (CBSE) | B.S. City, 2015

CERTIFICATIONS

Professional UX Design

University of Cambridge — Coursera, 2026

Foundations of UX Design

Google — Coursera, 2021

AWARDS

Winner — Oasis Film Festival

2018 & 2019

Jamini Roy Gold Medal

Best in Art & Craft — Honored by the President of India, Smt. Droupadi Murmu (2016)
