

Parth Anand

Product Designer — UI/UX

+91 7209684084 parthanand1705@gmail.com Delhi, India

PROFESSIONAL SUMMARY

Product Designer with 5+ years of end-to-end design experience across consumer apps, B2B SaaS, and complex workflow products. Experienced in designing AI-native product surfaces — surfacing model outputs, handling latency and edge cases, and building human-in-the-loop workflows that maintain user trust. Owns design from discovery and user research through interaction design, prototyping, and dev-ready specs. Skilled in Figma-based design systems and cross-functional collaboration with PMs and engineers.

EXPERIENCE

InfoEdge

Nov 2023 – Present

Creative Designer — Product & UI/UX

- Led end-to-end redesign of the jobHai platform — from discovery and user research through wireframes, interaction design, and dev-ready Figma specs — improving core hiring workflows across web and mobile.
- Designed AI-powered product surfaces including smart job-matching and recommendation feeds; handled model uncertainty, latency states, error states, and confidence indicators to build transparent, trustworthy UX.
- Applied working knowledge of Schema.org JobPosting structured data in collaboration with engineering — ensuring job listing UX aligned with Google for Jobs indexing and rich result requirements, directly improving organic listing visibility.
- Built and maintained a scalable Figma design system and component library shared across multiple product surfaces, reducing design debt and accelerating developer handoff.
- Ran usability testing using AI-assisted research tools (Attention Insight), synthesized findings, and translated them into iterative design improvements — driving measurably reduced new-user drop-off.
- Partnered with engineering and product teams to flag design debt, push back on scope, and advocate for user needs throughout the product lifecycle.
- Delivered motion graphics and visual assets for marketing campaigns at scale.

CoinDCX

Jun 2022 – Oct 2023

Sr. Executive — Product Design

- Owned end-to-end interaction design and user journeys for OKTO, a DeFi super-app with complex multi-step financial workflows — onboarding, portfolio management, and real-time trading surfaces.
- Designed AI-driven product features including portfolio insights and trade signals; addressed edge cases, error states, and model confidence in UX to ensure transparency for non-expert users.
- Implemented AI-driven usability testing methodology that resulted in a measurable reduction in new-user drop-off rates; synthesized research findings into prioritized design improvements.
- Created and maintained a comprehensive Figma component library using auto-generation and pattern detection, enabling consistent UI across a rapidly evolving product.
- Facilitated usability studies, translated findings into actionable design changes, and collaborated with cross-functional teams to ship high-quality product iterations.
- Developed branding campaigns and content for Web3 events (Unfold '22 & '23).

HMLC

Aug 2021 – Feb 2022

Creative Director — UI/UX & Graphic Design

- Led interface design for retail and lifestyle platforms, developing detailed user flows, information architecture, and interaction patterns optimised for intuitive navigation; collaborated with developers on Schema.org Product and Offer structured data integration to support rich search results.
- Ran A/B testing and heatmap analysis to validate layout decisions and optimise conversion; balanced brand guidelines with modern UI/UX practices across product launches.

Canon India

Jan 2021 – Jul 2021

UI/UX Designer (Apprenticeship)

- Supported web and mobile interface design for photography campaigns; developed user journeys, wireframes, and competitor analyses for feature design decisions.
- Delivered high-fidelity prototypes and comprehensive design documentation for developer handoff.

Ek Do Dhai

Oct 2020 – Jan 2021

Graphic & UI Designer (Internship)

- Supported UI asset creation and layout design for e-commerce projects; contributed to user flow ideation and interaction design concepts.

SKILLS

Design & UX

End-to-End Product Design, Interaction Design, User Experience (UX) Design, User Interface (UI) Design, Design Systems, Information Architecture, Wireframing & Prototyping, Usability Testing, User Research & Synthesis, AI-Powered UX Design, Human-in-the-Loop Workflows, Visual Storytelling & Branding, Motion Graphics

Tools

Figma (primary — components, variables, auto-layout, dev mode), Adobe XD, Sketch, InVision, ProtoPie, Framer, Principle, Miro, Zeplin, Maze, Dovetail, Adobe Creative Suite (Photoshop, Illustrator, After Effects, Premiere Pro), ChatGPT, Midjourney, HTML/CSS (basic)

Web Standards

Schema.org Structured Data (JobPosting, NewsArticle, Product, BreadcrumbList), SEO-aware UX Design, Rich Result Optimisation

Soft Skills

Cross-functional Collaboration, Design Advocacy, Scope Management & Design Debt Flagging, Clear Written & Verbal Communication, Research Synthesis, Stakeholder Communication

EDUCATION

National Institute of Fashion Technology

Bachelor of Design (B.Des.) — Fashion Communication
New Delhi | 2022

Delhi Public School

Senior Secondary Certificate (CBSE) — PCB
B.S. City | 2015

CERTIFICATIONS

Professional UX Design

University of Cambridge — Coursera, 2026

Foundations of UX Design

Google — Coursera, 2021

AWARDS

Winner — Oasis Film Festival

2018 & 2019

Jamini Roy Gold Medal

Best Student in Art & Craft — Honored by the President of India, Smt. Droupadi Murmu (2016)
